CLASH TAKES PLACE ON THE RIO GRANDE

Two United States Soldiers
Wounded During Ex-
change of Shots

BORDER QUIET TODAY
Close Guard Is Being Main-
tained by American
Troops

(By International News Service)
EL PASO, Texas, March 18.—Fighting that broke out last night along the Rio Grande between Mexicans and United States immigration officers and soldiers settled down this morning and the border was quiet. A close guard was being maintained, however, by American troops.
Two United States soldiers were wounded during the exchange of shots and several Mexicans are believed to have been hit.
The shooting started when an immigration inspector called on three Mexicans seen wading across the Rio Grande, to halt. The Mexicans are said to have opened fire, which the immigration officers returned. Rifle-men ambushed along the Mexican side joined in the shooting and United States troops likewise entered the fray. Firing continued almost steadily until an early hour this morning.
Private M. J. Keller Company D, 45th Infantry, and Private Petroski, were wounded. Petroski's wound is said to be serious. Jos. F. Thomas, an immigration officer, sustained a slight scalp wound.

WASHINGTON, March 18.—No reports of the fighting along the Rio Grande had reached the adjutant general of the war department up to 8:40 this morning.
Secretary of Labor Davis was at his office early today but stated that immigration authorities had made no report on the clash with Mexicans.

SLIGHT FLESH WOUND RESULT OF ACCIDENT

In a quarrel yesterday between William H. Teasley, 1001 Melrose avenue, and his 15-year-old son, William H. Teasley, Jr., the former received a flesh wound in a finger of his right hand when he attempted to wrest from his son a small revolver. The revolver exploded during the scuffle.

According to statements made to a police officer whom Mr. Teasley summoned, the father had gone to the home of his wife, Mrs. Bessie Teasley, from whom, it is said, he is separated. The altercation with his boy followed. The child could not be found, and as his residence is outside Glendale city limits, the case was turned over to the Los Angeles county sheriff. Deputy sheriffs searched the hills for the boy, who was said to have left home with a rifle. He returned to his home of his own accord at 11 o'clock last night.

RED CROSS WORK AT MRS. GREGG'S

At the meeting held at the home of Mrs. David Gregg under the auspices of the Glendale Chapter of the American Red Cross, the consignment of work on hand was finished and the ladies adjourned to the home of Mrs. H. E. Bartlett, Red Cross chairman, to assist in the tying into separate bundles of the layettes on which they had been working. They included two blankets, two muslin waists, two dresses, two shirts, two pairs of booties, a hood and ten diapers. In each package was a muslin bag containing two washcloths, a spool of thread, paper of needles, safety pins, and roll of linen. The packages are going to destitute babies of central and eastern Europe.
Luncheon was served and the ladies visited while they worked. In a short time they will undertake the making of another lot of garments.

De KALB COUNTY PICNIC
All who ever lived in De Kalb County, Illinois, are invited to meet for the eighth annual picnic reunion, Saturday, March 26, in Sycamore Grove, Los Angeles. Coffee will be served. Be sure to bring cups with you lunch.
Election of officers and brief program about 2 o'clock. Main purpose will be to have a good time.

Fire Destroys Automobile
Mr. J. W. M. Burton of Burton & Chandler, 133 South Brand boulevard, drove to Montrose yesterday in company with D. H. Smith and another gentleman. Smelling something burning, Mr. Burton stopped his Franklin and raised the hood, whereupon the car burst into flames. All escaped without injury, but the car was completely demolished. Mr. Burton says that the Franklin was only partially covered by insurance.

TELEPHONE RATE CASE BEFORE COMMISSION

The long delayed hearing before the railroad commission of California on Glendale's protest against the telephone toll between Glendale and Los Angeles which was imposed under orders issued by Postmaster General Burleson during the world war, took place Thursday evening, March 17, at the headquarters of the commission in Los Angeles. The city was represented by its attorney, Hartley Shaw, who was assisted by Engineer Harry Lynch, Owen

Emery and Dr. Henry R. Harrower. Each of the men mentioned gave testimony based on facts why this toll should be done away with. Also present from Glendale as representatives of the local chamber of commerce were: Secretary J. M. Rhoades, E. P. Hayward, John MacGregor, Ezra Parker, and John W. Stauffacher. The telephone company presented its case before the commission in the afternoon, and the commission has taken the matter under

advisement. Just when its decision will be rendered no one knows. City Attorney Shaw endeavored to persuade the commission to some reduction of the toll if it is not done away with altogether, but he was somewhat embarrassed in his efforts by the fact that Glendale business men were not all in agreement with him, certain representatives of the chamber of commerce declaring they were well satisfied with present conditions because they

tend to encourage trading at home instead of Los Angeles. One of the engineers present at the hearing suggested that a canvass be made of Glendale's telephone users to determine whether they would be willing to do away with tolls and pay the long distance rate, the Los Angeles rate plus the mileage charge, but Mr. Shaw and members of the board agreed that the cost to the average citizen would exceed the present expense.

BERT P. WOODARD ANSWERS EMIL FRAM

Shows That Council Powers
Questioned Are Constitutional and Needful

Editor, Glendale Daily Press:
"In your issue of March 15, you published an article signed by Emil Fram, entitled: 'Citizen Queries Charter Powers.'
"Mr. Fram appears to object to the power given the city council in the proposed charter to 'judge of the qualifications of its members and of all election returns.'
"The Congress of the United States, the legislatures of all the states of the Union, and all other legislative bodies throughout our entire country are given this same power. The constitution of the United States provides that 'each house shall be the judge of the election returns and qualifications of its members.' The constitution of the state of California provides that 'each house shall choose its officers and judge of the qualifications, elections and returns of its members.'
"It is a universal and constitutional rule that all legislative bodies should have such power. If such power were not placed in the council, by whom could it be exercised? It certainly should not be entrusted to an individual as such would be ridiculous, and if any other provision than the one contained in the proposed charter had been placed therein, it would certainly have been a grievous mistake.
"Criticism and discussion of the proposed charter are in order but let's not waste our time discussing a power which is in the council under our present form of government and is so fundamental that it must be in any form of charter before it can be a complete document.
BERT P. WOODARD.

HARRY WHITE TO BUILD FINE HOME

Harry White of Packer & White has approved the plans he commissioned Architect Alfred Priest to make for a fine residence he is to build for his personal home at the northeast corner of Doran and Jackson streets, and work upon it will begin in the near future. Construction has already begun on the garage which will accommodate two cars, and provide servant quarters.

The residence, which is of Spanish design, will be of hollow tile construction, tile roof, tile verandas and tile will pave the patio court which is one of the distinctive features.
In the house proper there will be eight rooms besides a billiard room, and landscape gardening will give it the proper setting. A lawn sprinkling system will be installed and nothing will be neglected that will make for convenience or beauty.
Mr. White formerly resided in La Canada but sold his ranch there a few months ago and is now thoroughly identifying himself with this city.

COMMITTEE TO MEET

The industrial and manufacturing committee of the Chamber of Commerce of which W. E. Hewitt is chairman, will meet at Chamber of Commerce headquarters at 7:30 this evening. Important matters are to be considered.

DO YOU WANT AN INDEPENDENT P. O.?

Do you want an independent postoffice for Glendale? If so, why do you think Glendale needs it and deserves it?

Tabulate your reasons very briefly on a postcard and mail it to Dr. H. R. Harrower, Glendale, Calif. Dr. Harrower is chairman of a chamber of commerce committee appointed to look into the postoffice situation. He invites every Glendale citizen to formulate his views as briefly as possible, and mail them as above directed. He asks this in order that, as chairman of this committee he may be able to give a satisfactory report of the people's wishes to the chamber.

WOMAN ABDUCTED ON NORTH LOUISE

Police Officers Summoned at 1:30 This Morning Find No
Trace of Woman Reported to Have Been Screaming
and Struggling With Several Men

The police made a hurried run to 631 North Louise at 1:30 this morning in response to a report that a woman was screaming for help out in the street. No one was found when the officers arrived, but people living in the neighborhood said the woman was apparently struggling with several men, who finally bundled her into an auto and hurried away.

GREAT DAY AT CENTRAL CHRISTIAN

Miss Lotta Madden, the Noted
Singer, at Morning Service;
Judge Crail at Night

Sunday, March 20, will be a great day at Central Christian church. At the morning service Miss Lotta Madden, noted dramatic singer of New York City, who was one of the attractions at the Philharmonic concert in Los Angeles, last Sunday afternoon, will sing "The Living God" (O'Hara). Miss Madden is an old-time friend of Mr. and Mrs. William Hedges of 121 East Park, all three having come from Fort Scott, Kansas.

In the evening the Men's Bible Class takes the entire charge of the service. There will be a male choir, the male quartet will sing and Harry Marple will contribute a wonderful solo, "The Palms." Judge Charles S. Crail of the Los Angeles superior court, will be the speaker of the evening. All arrangements for the service were made last night at the monthly business meeting of the class, held at the new home of Fred Mattice, 233 South Jackson. It was a session crowded with business and after adjournment the men were served with refreshments by Mrs. Mattice, assisted by Mrs. M. G. Musser.

BRIGHT PROSPECTS FOR WOODLAND HEIGHTS

The Woodland Heights tract, situated between Burbank and the site of the Empire china factory and extending from the Southern Pacific railroad to the foothills, will be opened at noon tomorrow with a grand celebration.

A barbecue dinner from 12 to 2 o'clock, arranged by the Southland's famous chef, Jose Romero, is one of the big features arranged for the entertainment of visitors expected from Glendale, Burbank, Los Angeles, and surrounding towns. Music and other entertainment for the guests will also be provided.

Several thousand acres of picturesque territory are included in the Woodland Heights tract, formerly the Oliver Stough ranch. It is planned to build here a town that will be one of California's most important residence centers. The company intends spending \$250,000 in the development of the tract, their plans including the construction of a civic center, which is already laid out. Building operations will soon begin, and buyers of lots are planning homes of artistic type which will be a credit to the settlement.

Kelly & Van Arsdol, 300 South Brand boulevard, are the Glendale agents.

BIG TIRE SALE

Owners of Fords, Maxwells, Overlands, Chevrolets, Dorns, etc., will be interested in a half-price sale at which W. H. Hooper, 222 East Broadway, will have tomorrow for the purpose of telling about a special sale of Goodrich tires.

GLENDAL WINS IN DEBATE WITH U.S.C.

Kathleen Campbell and Geo.
Jordan Bring Home the
Honors of Evening

Accompanied by several autoloading enthusiasts fans, the debating team of Glendale High journeyed to Los Angeles Thursday night to participate in the second debate of the Central League, with representatives of the high school connected with the University of Southern California.
To Glendale was assigned the affirmative of the question: "Resolved, that California should establish a state constabulary to enforce the criminal code." Kathleen Campbell and George Jordan represented the school and justified their selection by winning the debate with a score of 197-23 against 177 points to the credit of the Los Angeles school. They gave due credit to the support and encouragement of their fellow students, who constituted a considerable portion of their audience. Mr. Webb and Miss Gardner, instructors in the department of English and dramatic art, were very much pleased with the result of their training.

ILLINOIS FAMILY BUYS AND SELLS

Mrs. E. Spangenberg, who came to Glendale with her two sons a few months ago from Alton, Illinois, and bought A. L. Maddy's refreshment stand at Verdugo and Colorado, has sold it to Claude Bailey, owner of the corner, who has been living on a 40-acre orange ranch in the citrus district. He will move the little building back to the west, using it later as a garage, then build a handsome store in its place. He expects to conduct a much larger business. With Gatto's new store soon to be established on the southeast corner, for which he is now putting up a building, having leased the corner from Fred S. Dixon for five years, that neighborhood will be well supplied with stores. Mrs. Spangenberg has bought the Woolf property at 116 Cypress street and will move there in a few days.

CLUB TO OBSERVE RECIPROCITY DAY

Reciprocity Day will be observed by the Tuesday Afternoon Club next Tuesday, March 22, in the Masonic Temple, at 1:30. The program will consist of a skit written by Miss Eva Daniels, "The Meeting of the Hopeful Board," and presented by the parliamentary law section, Mrs. Harry Greenwald, curator, in charge.

All club members and friends who have spring flowers, such as bridal wreath, Cherokee roses, jasmine, or blossoms or ferns of any kind, and who are willing to donate them for the decoration of the clubroom for the occasion, kindly call Mrs. Walter Jones, Glendale 640, by Monday evening.

MRS. C. E. HUTCHINSON, Pres.

BROTHERHOOD MEETS AT METHODIST CHURCH

The meeting of the Methodist Men's Brotherhood will be held in the banquet hall of the First M. E. Church this evening at 6:45. As usual, every man will bring sandwiches and one other dish and the committee will furnish the coffee. Rev. C. M. Calderwood, pastor of the First Congregational Church, is the speaker and the men of his congregation will accompany him as guests of the brotherhood.

EUGENE DRURY WINS THE RACE

Ten Other Good Runners
Secure the Green Honor
Ribbons in Run

Eugene Drury had the honor of winning the silver cup for the cross country race which was run by boys of intermediate Thursday afternoon. The competitors were hampered to some extent by boys on bicycles, who in disobedience of orders, followed the runners and got in their way not only on the route, but at the finish.

Ten boys who finished in the order named received green honor ribbons as follows: Arthur Cressy, Dean Hoopes, John Copeland, Darrell Korb, Vernon Boone, William Watson, Arthur Sullivan, Ervin Jensen, John Feldeman.

Those who received certificates for finishing within the 23-minute schedule were: Randolph Willis, John Winger, Carl Quinn, Francis Moffatt, Jack Booker, Wayne Yarrick, Earl Hendeshot, Jack Brown, Davis Chandler, Frank Hoyt, Owen Miles, Robert Rheinhardt, Harold Begg, Kenneth Hellyer, Kenneth Burnett, Eugene Kille, Porter Thompson, Armand Dair, Carl Burris, Fred Lindhorst, Clarence Albaech, James Little, Kenneth Lee, William Gillette, Floyd Kenney, Alex MacDougal, Warren Rigidon, Wayne Maxwell, Wilbur Booth, Henry Hesse, Dan Nuckolls, Frank Herald, Harland Hakell, Myron Cole, Graham Young, Dorsey Mottern, Roscoe Graham.

STILL IS GREAT PERMIT DEMAND

They just are determined to own homes in Glendale, even if they have to build them. Here is the record for this morning:

| | |
|---|--------|
| Mrs. McKewin, 7 rooms and garage, 531 North Brand, | \$5900 |
| A. S. Farmer, 5 rooms, 471 West Lexington | 3500 |
| Bertha A. Lee, 5 rooms, 808 East Elk | 2700 |
| Geo. H. Hoffman, 4 room, 500 Raleigh | 2500 |
| Geo. S. Hoffman, 4 rooms, 420 Raleigh | 2500 |
| E. Franquist, 4 rooms, 826 Marioposa | 2100 |
| Mrs. S. E. Logie, 4 rooms, 114 North Everett | 700 |
| Miss S. E. Logie, addition, 114 North Everett | 600 |
| E. Coker, garage, 209 South Brand | 300 |
| I. Cline, garage, 436 West Wilson | 300 |
| The Hoffmans, Geo. H. and Geo. S., noted above, are father and son, who want to live as neighbors, hence are building twin bungalows almost side by side. Mrs. Logie is not only building a new residence at 114 North Everett, but is remodeling the old house that is already on the lot. | |

PERSONAL ITEMS

Mrs. W. B. McRae has been pleasantly honored by the Madrigal Club, of which she has been an active member. She has been presented with Edgar Guest's poems as a parting gift from her fellow members, who will greatly miss her. She and her husband are leaving for the East in the near future to try farm life.

Miss Edith Lindsay, well-known dancing teacher of Glendale, has had as her guest Miss Ramona Towler, charming solo dancer of the William Seabury act which has just closed a two weeks' engagement at the Orpheum.

CITY TRUSTEES ARE ENERGETIC WITH ROUTINE

Ex-Mayor George B. Woodberry, of the Sewer Committee, Recommends

NECESSARY TO HEALTH

The Straw Vote Policy With
Regard to Service Water
Mains Question

With a very small audience to follow its doings, and but few interruptions of its regular routine, the Board of City Trustees was able to dispose of a large amount of business at its meeting Thursday evening.
V. M. Hollister Asks for Permit
First to address the board was V. M. Hollister, who submitted plans for a building to be erected for his business use at Wilson and Maryland avenues on which he is anxious to have work start as soon as possible, and in which he proposes to install machinery for mixing, cleaning and grinding feed which will be brought in and stored in carload lots.

Sewer Committee Asks Help
A written communication read by the clerk from Mr. Hayward of the advisory committee on sewers asking for the cooperation of the board in its work of investigation, was followed by an explanatory talk by George B. Woodberry, a member of the same committee, stating that engineering authorities had advised the committee that the installation of septic tanks for individual families to replace cesspools would make conditions sanitariously safe for our city for a term of five to ten years if no general sewer system should be built within that time. As several standard types of septic tanks are on the market and opinion differs in regard to their respective merits in light and heavy soils, Mr. Woodberry asked, on behalf on his committee, that they cooperate in the investigations to the extent of arranging for the installation of one or more standard septic tank units to be used by families of six or more members, and that it undertake to reimburse the owners, for any cost entailed in excess of the cost of a cesspool to the end that the behavior of such a tank might be tested out. The trustees were unanimously in sympathy with the proposition and authorized the city manager to make the necessary arrangements for such installations in both light and heavy soil.

Mr. Miner and Mrs. Townsend of Palmer avenue addressed the board on the protests relative to the colony of tent houses in their neighborhood, which they declare are a fire menace and have depreciated the value of real estate in that vicinity. They were informed that the board had exercised the limit of its powers in instructing the city attorney to incorporate in the new fire ordinance a provision forbidding a tent house nearer than 50 feet of any other building.

Bids for motorcycle and automobile for city use were opened and referred to the city manager for checking and report.

The application of Health Officer Eckles for additional office room and help was favorably considered, the board authorizing expenditures of \$20 per month for offices and \$125 per month for clerical help.

The city engineer reported that the petitions for the opening of Wilson and Salem streets represented a majority of the frontage and the matter was referred to the committee of the whole.

The board adopted a resolution providing for a straw vote on the policy to be taken by the city with regard to service water mains.

"PILL BOTTLE" PLAY AT BAPTIST CHURCH

The play entitled "The Pill Bottle" to be given at the Baptist church tonight promises well, if the dress rehearsal held last night, is any criterion. Those who are to take part are: Miss Margaret McPherson as Barbara Lane, and her three school friends, Della Young, Helen Cobb, Nellie Rowe. Mr. Ernest Grigg and his sister Marion, will act the parts of parents of Barbara. Other parts, as natives of India, will be taken by Dale Wood, Edgar Schockley, Wesley Kent, Vesta Morrow, Dorothy Howard, Eleanor, Dorothy and Pauline Rich, Hazel Walters, Faith Tarling, Grace Yarbrough, Nellie Lore, Hazel Myers, Marjory Howard, and Miriam Rich as Bible woman. The doors will be open at 7:30, and the play will commence at 8 o'clock. Everyone is invited. No offering will be taken.

ASSEMBLYMAN A VERY BUSY MAN

Now that the King tax bill has won in the California legislature dead issues have been forgotten and harmony been restored, but there is still strenuous work ahead of solons in connection with the financing of state government. As a member of the finance and efficiency committee, our own representative, John Robert White, is a very busy man as hearings are numerous and never ending on methods of lopping off expense and reducing the budget to be met by taxation. His son Douglas, who is in Sacramento with him is having the time of his young life, if his letters are any indication of his real sentiments.

The family residence of the Whites on North Orange is nearly completed and will be ready for occupancy about the first of April unless all signs fail. The house it replaces was destroyed by fire on Decoration Day last year.

MADRIGAL CLUB IN IRISH SONGS

The program of Irish songs given by the Glendale Madrigal Club at the Pearl Keller auditorium, last evening, added luster to the already brilliant reputation of this body of singers.

In their white gowns with lavish trimmings of "Kelly green," the ladies made a picture pleasing to the eye, as they marched in and took their places on the stage. Every number was enthusiastically received and several encores were graciously given in response to insistent applause.

"Kathleen Mavourneen," by Mmes. Cole, Puffer, Draper and Cotton, an "Irish Lullaby," by Mrs. Parker; "Fairy Pipers," by Mrs. Cole and the entire chorus, "Irish Names," by Mrs. Henry and the chorus, and "My Love Dan," by Mrs. Draper were the special numbers, everyone of which was sung with a finish that can only be obtained by a combination of good voices and faithful, intelligent study. The same beauty of voice and perfection of technique was shown in the ensemble work of the club, and the whole program was indeed a real musical treat.

The rendition of "Oft In the Stilly Night" by the Madrigal Club was so exquisite that the audience was not satisfied until they repeated it.

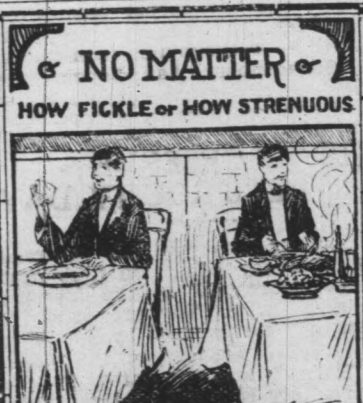

Added attractions were the amusing pianologue by Master Gould Moore, an Irish reel by the same young man and an eccentric dance by tiny four-year-old Mary Alice Barton. Gould Moore in his pianologue, "Foolish Questions," was inimitably funny; this act and his Irish reel proved Master Gould an entertainer whose versatility might be envied by many an one twice his age.

Little Barton, in beautiful Irish costume, charmed the audience with her dance, and for an encore she recited several humorous selections.

PRESIDENT HARDING RECEIVES JAPANESE

To Discuss Grave Questions at Issue Between the Two Countries

(By International News Service)
WASHINGTON, March 18.—Baron Kijuro Shidehara the Japanese ambassador will go to the White House this afternoon for a conference with President Harding. The appointment was had through Secretary of State Hughes at Baron Shidehara's request.

Whether the ambassador's call is to be purely one of courtesy to the new chief executive, or whether he will take advantage of the opportunity to discuss with the President some of the grave problems now at issue between the two countries, was not apparent today. The state department professed to be ignorant of the nature of the call and attached no particular significance to it.

Ambassador Shidehara is the second of the foreign ambassadors to go to the White House, his visit following the one late yesterday of Ambassador Jules Jusserand of France.

There are a number of important questions which the Japanese ambassador could discuss with President Harding, the cables controversy, the involved matter of Japanese domination in the mandate over the island of Yap, the California land dispute, the matter of a naval understanding, the new administration's policy in the Pacific and a number of matters of lesser importance.

Following the visit of the Japanese embassy that both foreign diplomats will visit the White House for personal conferences with the new President.

Prior to the visit of Baron Shidehara, President Harding held a long conference this morning with Secretary of State Hughes and Secretary of War Weeks. Both cabinet officers were sent for. Weeks was with the President for half an hour and Hughes three-quarters of an hour. Both declined to say when they left the White House what the object of the conference had been.

We hope Tom Blackwell and Bob Rockwell will be able to get our pet bill through—the one forbidding banks to use red ink.—Paonia (Colo.) Paonian.

GEORGE WELCH MAKES ESCAPE

Was Serving 15-Year Term in State Penitentiary for Robbery

(By International News Service)
SAN QUENTIN PRISON, March 18.—Leaving a cleverly constructed dummy in his cell to prevent his escape being noticed, George Welch, serving a 15-year term in the state penitentiary for robbery committed in Riverside county, escaped some time during the night. His escape was not discovered until today when the dummy was found in the cell. He is believed to have planted the dummy last evening and eluded the guards, probably escaping over the walls at some point. It was his second break for liberty, having escaped from a road gang last January. On that occasion his capture was soon affected.

TO REVIEW CASE OF EUGENE DEBS

(By International News Service)
WASHINGTON, March 18.—President Harding has asked the attorney general to review the case of Eugene V. Debs, socialist leader now in the Atlanta penitentiary, the White House announced today.

Secretary to the President, George Christian, stated that the President will take no action on the appeals for the release of Debs until the attorney general has made recommendations.

The White House denied that any notice had been given to the President that the White House would be picketed unless Debs was released by the middle of April.

HOMELESS IN VIENNA NOW NUMBER 40,000

(By International News Service)
VIENNA, March 18.—At the municipal "Office for Dwellings" here, 40,000 names are on file of people who are absolutely homeless. The American Red Cross states that these figures are only casual and give a completely inadequate idea of what the condition actually is, since no census has been taken to show how closely it is necessary for people to crowd upon one another.

Visit our House-Furnishing Department. We will be glad to show and demonstrate the various

WIZARD
Products.

WIZARD MOPS

Can be had in two styles. The dust mop is chemically treated and absorbs dust without scattering it. The polish mop is treated with Wizard Polish. It cleans and polishes the floor at the same time. Wizard Mops are the convenient triangle shape which gives them access to every nook and corner. They have the adjustable elbow handle for ease in use. Wizard Mops are priced from \$1.50 to \$1.75.

WIZARD FLOOR Polisher

The Wizard Floor Polisher is the NEW device for polishing floors that takes all the hard work out of keeping them in perfect condition all the time. Not only is it low in price, economical in use, but is easier and simpler to use and actually produces far better results than any other waxing device.

Price \$4.00

Including Regular 85c Can of Wizard Wax Free.

WIZARD Dust Cloth

Chemically treated to pick up dust without scattering it.

A very great improvement over ordinary dust cloths. Can be washed without destroying its dust-gathering properties. Ample large. Price 50c.

"It Brightens the Home"

WIZARD

Madam! Why worry about the inefficiency or the scarcity of help, when the

WIZARD

Products stand ready to lend a helping hand in solving your house cleaning problems.

WIZARD POLISH

The most scientific polish made for furniture, woodwork and floors. It dries quickly, without stickiness, and gives surface a brilliant and very permanent polish.

Four-ounce bottle 30c
Twelve-ounce bottle \$1.25
Quart can \$1.75
Half-gallon can \$1.75
Gallon can \$3.00

WIZARD DUSTER

A conveniently shaped duster of the most sanitary type. Does not scatter dust. The chemical treatment collects and holds dust. Strongly made, duster of the best quality of yarn; washable, without destroying chemical properties; will last indefinitely. Price..... \$1.00

WIZARD WAX
Liquid and Paste

Polishes and preserves the finish on floors, furniture, woodwork, leather, linoleum. Easily applied with a cloth, and polish with another cloth. It forms a thin coat that protects the surface and leaves a clean, hard, rich, subdued luster that is a joy to behold.

Wizard Wax Paste is especially adapted for use on floors.

Wizard Liquid Wax is recommended for polishing furniture, pianos, woodwork, automobiles, etc.

Wizard Wax Paste 5 1/2-oz. can 45c
1-pint size 85c
1-quart can \$1.70
Wizard Liquid Wax 6-oz. size 50c
8-oz. size 75c
1-quart size \$1.50

WIZARD

Wall Duster

No cobwebs or dust will linger on walls that are gone over with a Wizard Wall Duster. This convenient duster is made of the best yarn, chemically treated to collect and hold all dust. It can be washed without injury. The chemical treatment is permanent. Light and easily handled. Complete with 60-inch handle, \$1.75.

WE DELIVER
107 North Brand Blvd.

Neale & Gregg Hardware Co.

OWING to the fast growing demand for our fine prize winning Guaranteed Raw Milk we have just increased our Tuberculin Tested Herd with 30 fine Jersey and Guernsey Cows.

We are now in a position to supply a limited number of customers with this pure, wholesome milk, delivering it in the cool hours of the morning in time for breakfast.

Come up and let us show you our sanitary cement milking barns and clean bottling plant. Watch us milk these fine cows with milking machines, then cooled immediately to 40 degrees and bottled in a porcelain enamel bottle and capped with outer protective cap, which protects the pouring lip of the bottle against any contamination.

Then you will readily see why this is the safest milk for your whole family and specially recommended by local doctors for babies and invalids.

We guarantee this milk to be at least 4.5 per cent butterfat and contain less than 25,000 bacteria.

A trial order will be convincing.

Also Pasteurized Milk and Cream and Kay Lac Buttermilk.

WANTED MONEY TO PERFECT SAFETY DEVICE

Needing a paltry \$10,000 to perfect a mechanical invention that he had been laboring on for years, Herbert Lester Johnstone, mechanical engineer, formerly of Olympia, Washington, wrote a letter to a rich merchant of Olympia, demanding the wanted money and saying the latter's store would be blown up unless the demand was complied with. He is now under arrest in Los Angeles, pending arrival of a deputy from a Washington city with extradition papers.

REPLACE RIO HONDO BRIDGE

The state highway commission has advertised for bids for the construction of the bridge on Whittier boulevard, across the Rio Hondo, to replace the old bridge that was destroyed by fire during last year. Bids will be opened by the commission on April 6, 1921.

Information given out by Supervisor Jonathan S. Dodge is to the effect that plans and specifications have been prepared and approved by the state highway engineer and the county bridge engineer for the new concrete bridge to be built across the Tujunga river, connecting the state highway extending from San Fernando to Pasadena, and that bids will be requested within the next two weeks. By starting this bridge early in the spring, it is expected that the same will be fully completed and in use prior to the fall rains.

This new highway, when opened, will form a short connection between the state highway at San Fernando and the Foot-hill boulevard, and will open up a scenic drive that is unexcelled by any in the county.

NEAR EAST RELIEF APPEAL

Mrs. Carrie Chapman Catt, the suffrage leader, has joined Major-General Leonard Wood in his appeal for a lenten sacrifice offering for the women of Armenia, through the Near East Relief. General Wood's lenten appeal committee includes, besides Mrs. Catt, Mrs. Corinne Roosevelt Robinson, sister of the late President Roosevelt, Mrs. Percy V. Pennypacker, of the league of women voters, Mary Garden, Mrs. Medill McCormick of Chicago, Miss Elizabeth Marbury and Mrs. Philip North Moore, president of the national council of women.

"To the women of America who have but just won so great a triumph in their fight for equal recognition," Mrs. Catt says, "I appeal at this Lenten season in behalf of the persecuted and destitute women of Armenia. While we are today enjoying the fruits of victory and looking forward to a period of still greater achievement and service, the women of this stricken country are, after five terrible years of suffering, hunger and homelessness with no hope for the future but starvation and death unless America holds out a helping hand.

"It is impossible that we should withhold this hand. The rights we fought for and won, the goals of achievement we now set for ourselves are alike meaningless if we do not heed the cry of these, our sisters, in distress.

"It is, therefore, with every expectation of a quick and generous response, that I appeal to the women of this country whose privileges are so many and so great, to make some offering for those women of Armenia who will perish but for our help. General Leonard Wood, chairman of this lenten sacrifice appeal of the Near East Relief, has said that what we waste would save them. That much, at least, we cannot fail to give."

THE IDEAL PAPER

A countryman went crazy on hypnotism. He imagined he was the greatest hypnotist on earth. He was a powerful fellow and the officers knew he would put up a stiff fight. They were in a quandary about getting him to the asylum until the local editor suggested a scheme. He told the crazy man there was a villain in the asylum who would unravel a thrilling scoop for the paper if he were hypnotized. The insane man consented to join the editorial staff and do the job.

On the train he drew about him a crowd and insisted on hypnotizing the editor. To keep him good natured the editor consented. After making a few passes with his hands in front of the editor's face, the insane man said:

"You are now hypnotized."
"I am," admitted the scribe.
"You are an editor!" declared the hypnotist.

"I am," was the answer.
"You don't smoke, chew, drink or swear at your delinquent subscribers!"
"I do not," admitted the editor.

"You never trade advertising for merchandise, never cutthroat your competitor's prices, never accept church sociable tickets for ice cream."
"Never!"

"You do not accept pay for political advertising; you run your paper on a strictly cash, moral and religious basis. You never sass your rival across the street, take dried corn on subscription or lie about your circulation, in fact, you run an ideal newspaper!"

"All of which is true," declared the editor emphatically.
"Say!" ejaculated the hypnotist, "what a fix you would be in if I failed to awaken you!"—Kingwood (W. Va.) Argus.

Miss Margaret Irene Boughn will arrive this week from Stanford University to spend the Easter vacation with her parents, Prof. and Mrs. E. T. Boughn of 470 Sixth street. Miss Boughn is in the sophomore year, and is a bright and talented young lady. Her father, Prof. E. T. Boughn, is one of the teachers in Glendale high school and a prominent educator.

TELLS ABOUT GOLD STRIKE IN STATE

The discoverer of gold in California was not visibly disturbed by it, nor was he very enthusiastic, and one of his closest friends worried because he thought it would "ruin the mill business," according to Rodney C. Adams, 89, now residing with his granddaughter at Hemet, Riverside county.

Mr. Adams was the first man to whom the discoverer of the gold confided.

His recollections of the event are: "I recall that morning in January, 1848, when James Marshall found the first gold.

"I was vaquero for Capt. John Sutter, although I was but a youth. I was away with cattle the morning Marshall found the gold.

"I got back to the ranch house late in the afternoon, and Jim Marshall, who had been building a mill race for Sutter's grist mill, was sitting on the house front steps. I recall that Marshall was more cheerful than usual.

"He motioned me to come to him, as I dropped from my mustang, and said in low tones:

"'Rod, what'd you say if I could show this whole country full of gold?'"

"What could I say, a green boy of the plains? What did I know of a gold-crazy world? I kept my mouth shut, and looked wise. Marshall then took me to one side, and told me in half whispers how he had found five chunks of native gold as large as filberts. He showed me the nuggets, upon which he had experimented by boiling, hammering and scraping to find whether they really were gold.

Marshall had no idea then that his discovery was so important. His mind was set on the mill, which he had almost finished and on several mechanical devices he had invented in it. Among the things he said to me about the gold he had found was that some day he was going to hunt systematically for more gold nuggets and that he might get a few thousand dollars of a fortune together in that way. He had absolutely no idea of the vastness of the mining possibilities his discovery would lead to.

"So little did the finding of gold disturb either of us that I remember that we went to bed early and slept soundly. Marshall cautioned me to keep the gold find a secret. But Marshall was loquacious and he himself bragged of his find. Five days later several Mexicans brought in more nuggets. Then the Mormons, who were working for Sutter and Marshall, found gold and the importance of the find increased a little in the minds of Marshall and all of us at the Coloma camp. A few years later, when the world's commerce was turned, as Lord Derby said, by the gold discovery in California, and when more than 300,000 young men had flocked to California, and had made a new civilization, I wondered how we could have been so blind at first to the meaning of the first nuggets that Marshall picked up.

"The news did not get down to San Francisco, about 150 miles away, until three months later. When the gold was shown him, Captain Sutter said, 'Yes, that's gold, and it will be the curse of us,' meaning that it was the end of their schemes for a big sawmill and flour mill along the American river."

THREE AMERICANS KILLED IN TAMPICO

(By International News Service)
WASHINGTON, March 18.—The American consul at Tampico today informed the state department of the murder of three American citizens in Tampico on the night of March 10. The consul states that the murder was apparently committed by robbers.

The three murdered men are Ernest Small, Will Roper and S. Brown. It is understood that the three men were sailors on a Norwegian ship in the Tampico harbor and that after being robbed and murdered by thugs their bodies were thrown into the harbor.

A request has been made upon the local authorities at Tampico to use every effort to secure the arrest and punishment of the guilty persons.

CHAPTER A. H. NEW OFFICERS

At the regular meeting of Chapter A.H. of the P.E.O., which was held at the home of Mrs. Cora Webster on South Central avenue Tuesday, the newly elected officers took up their respective duties for the first time. Heading the list was Mrs. Sina Van Etten, president. Then came Mrs. Lucile Eames, vice-president; Mrs. Katherine Ripley, recording secretary; Miss Blanche Davenport, corresponding secretary; Mrs. Eva Smith, treasurer; Mrs. Cora Webster, chaplain; Mrs. Charles Turck, organist, and Mrs. Amelia Waffles, guard.

Following the mid-day luncheon Mrs. Charles Turck gave a most interesting talk on the madonnas of the old masters, illustrated with photographs the originals of which she had seen in the galleries of Europe in the course of her world tours.

A business meeting followed the program at which Mrs. Van Etten appointed committees to serve during the coming year, and reports were submitted by the chairmen of the retiring committees.

Important by-laws and amendments to the state constitution were considered and approved and plans for the state convention in April were discussed.

Petticoats are cheaper; which proves that a thing is not always valuable merely because it is rare.—Detroit Free Press.

WOMEN RAPIDLY FORGING TO FRONT

(By International News Service)
LONDON, March 18.—Women are rapidly forging to the forefront of the world's affairs, according to an announcement made by the International Women's Suffrage Alliance.

In a report recently issued by the I. W. S. A. much jubilation is expressed over the statements that have been received during the past few months from all quarters of the globe, including even the far east. The report says:

"On January 26 the Swedish parliament definitely incorporated woman suffrage in the constitution. Swedish women will vote for the first time this year."

"The Swedish parliament has also passed a bill making women eligible for all the higher posts in the civil service (excluding military and diplomatic posts) on the principle of equal pay for equal work."

"The women of Western Australia are now eligible for the assembly and legislative council, the qualification of women for parliament bill having passed both houses."

"The Spanish republican party at its recent democratic convention decided unanimously to place the rights of women on its program."

"A National Woman Suffrage Association has been formed in Tokyo, Japan. Mrs. Kubishiro, well known in temperance work, has been elected president of the organization."

Eastern Women Active

"Eastern women are coming rapidly into the world's woman suffrage movement. Japan, China, Palestine, Egypt and India all have associations which are affiliated or seeking affiliation with the International Woman Suffrage Alliance."

"M. Briand, the new French premier, is a convinced woman suffragist. The French deputies who are supporters of the woman suffrage movement in France have now pledged themselves to the active support not only of woman suffrage, but also of bills permitting a woman to retain her nationality on marriage, granting her full civil rights in marriage and opening fully to women the legal professions."

"The Prussian minister of justice has decreed that women shall not be admitted to the examinations qualifying them for the higher offices of the law. The Prussian elections will be held soon and women suffragists and voters will protest against this violation of the spirit of the new German constitution, which expressly states that all officers of state shall be open to any subject, irrespective of sex, provided he or she qualifies."

Hungarian Women Aroused

"An attempt is being made by the reactionary party in Hungary to disfranchise Hungarian women, and bills for this purpose may be introduced this spring. The Hungarian Women Suffrage Society is devoting the whole strength of the organization to defeat this attempt—the first attempt ever made in history to disfranchise the enfranchised."

"In Finland a bill has been introduced by the government which will much improve the position of the illegitimate child. The bill, if passed, will place the illegitimate child on the same footing with regard to inheritance from the mother and the mother's family as her legitimate children. The father will be obliged to contribute to the maintenance of the child up to the age of 16 and this sum, if necessary, be deducted from his wages or income. Official guardians will be appointed in every town and country parish to safeguard the interests of the illegitimate child."

Referring to the United States, the reports note with great pleasure that Miss Adelia Stewart has been appointed there is a national bank examiner—the first of her sex to be so appointed.

IRISH MARKET IS BEING RUINED

(By International News Service)
 LONDON, March 18.—That in 1914 Ireland purchased goods from England to the value of almost seven billion dollars and that as late as 1918 she bought \$15 worth for every \$10 worth purchased by British colonies and dominions, is a claim made by the Irish Self-Determination League.

"The Black and Tan government" is now making war upon the Irish republic," says a statement issued by the league, "and it is ruining that market. In 1914 the Irish trade with Great Britain was several millions in excess of that of the combined countries of Russia, Belgium, Italy, Spain, Japan, Austro-Hungary and Portugal. "The Black and Tans are now making war on Irish farms, Irish co-operative creameries; burning crops, produce, farm buildings and machinery, shooting, jailing and hounding the food producers, wrecking the homes of the workers.

"At the same time the hungry workmen of Great Britain are walking the streets begging for bread. "The Black and Tan coalition government is making war on the best and nearest customer of British industries and ruining the country that supplies the British workingman with food in exchange for the products of his labor."

BURGLAR'S APPETITE RESULTS IN CAPTURE

(By International News Service)
 DAYTON, O., March 18.—Dayton's "hungry burglar" is on trial.

If convicted he will get life for burglarizing inhabited dwellings at night. His name is Bradley Smith, alias James Jackson, colored.

It is said he robbed more than a dozen houses.

Each night while out at "work" he would take time in a house to eat a meal from the icebox or cupboard.

He tarried too long at a midnight lunch and was caught.

\$250,000 ESTATE FOR FARM SYSTEM

(By International News Service)
 DENVER, March 18.—To give practical impetus to his great desire to see the 3,000,000 acres of tillable land in Colorado made available to homesteaders, Colonel Henry C. Watson of Kearney, Neb., wants to leave his estate, valued at close to \$250,000, to the state of Colorado.

The state senate has already passed a measure authorizing the state treasurer to accept a legacy such as Watson proposes. The house is expected to take action soon.

Colonel Watson, farmer, economist, philanthropist, treeologist and specialist in growing alfalfa, addressed a joint session of the Colorado legislature here to explain his reasons for framing the unique will which will leave his fortune to the Centennial state.

In his address Colonel Watson emphasized that the outstanding condition of the will provides that the money will be loaned in \$1000 amounts to homesteaders.

"I think it would mark an epoch in the history of the west if I could help you get farmers to working on your 3,000,000 acres of school lands," he said.

Colonel Watson's community farm at Kearney, Neb., has attracted attention of economists throughout the country.

Community Farm System

Outlining his plan for a community farm system in Colorado, he said he would select 50 persons, lease 22 acres to each and pay each \$500 annually while requiring them on a crop-sharing basis to buy the tracts within a stipulated long-time period. Each would be given two acres for a home—the other 20 acres to go into a community of 1000-acre farm.

Colonel Watson said the homesteaders could pay for their 22 acres within four years, figuring out in minute detail for the legislators how much money could be made from four acres of potatoes, ten acres of alfalfa and six acres for garden truck and other crops, with a few milch cows—the two odd acres being used for the home.

A co-operative store operated without profit would be part of the scheme.

The loans made under the provisions of the proposed will would be to aid homesteaders in getting started, and the borrowers would pay a nominal interest to the state, as on any farm loan.

Colonel Watson has farmed in Nebraska for over 30 years and owns 500 acres surrounding Kearney. He is said to have spent \$40,000 in planting trees in the vicinity of his estate.

ARMY TRANSPORT BADLY DAMAGED

(By International News Service)

NEW YORK, March 18.—The United States army transport Madawaska, which was badly damaged in a collision with the shipping board steamship Invisible, 20 miles off Atlantic City in a dense fog last night, early today was making her way to this port, according to wireless advices reaching here. The Madawaska, inbound from Manila by way of San Francisco, had 46 passengers aboard. The captain stated last night that he would transfer these passengers early today to some other ship, but latest advices indicated the passengers were still aboard the transport.

PRAYER MEETINGS REPLACE CRAPS GAME

(By International News Service)

ATLANTA, Ga., March 18.—Professors at Emory University have a problem seldom faced by college faculties. Following the close of a two-weeks' revival conducted by Dr. Plato T. Durham, the boys have developed such an intense religious fervor instructors became alarmed at the neglect of studies.

The proverbial "craps" game of the boys' school is replaced by prayer meetings lasting well into the morning.

RETAIL DRUGGISTS TO BE EXEMPTED

(By International News Service)

WASHINGTON, March 18.—Internal Revenue Commissioner Williams today announced that the ban upon withdrawal of liquor from bonded warehouses will be modified on April 1 to permit the withdrawals by retail druggists. No withdrawals will be permitted by wholesale druggists.

The internal revenue commissioner also announced the order putting wholesale liquor dealers out of business would be made effective May 15. Since the order was promulgated some weeks ago the wholesale dealers have been permitted to continue their business to close out their stocks.

COMPARISON IN WATER RATES BETWEEN GLENDALE AND OTHER CITIES

[Compiled by City Manager Watson.]

The following data in regard to rates charged for water by the cities of Glendale, Burbank, Pasadena, Long Beach, Monrovia, Alhambra, Santa Monica and Los Angeles was obtained Monday by the City of Glendale for the purpose of informing the Glendale public generally as to the comparative charges for water furnished by the municipally-owned water systems in this vicinity.

On the basis of 700 cubic feet a month, we find that the Burbank rate is 50 per cent higher than the Glendale rate; the Pasadena, Monrovia and Alhambra rates are the same as the Glendale rate; Long Beach and Santa Monica are 5 per cent higher; the Los Angeles minimum is 75 cents and, on the basis of a consumption of 700 cubic feet, that rate is 25 per cent lower. This is the only instance in which any of the rates tabulated were found to be lower than the Glendale rate.

On the consumption of 1500 cubic feet per month the rates were all found to be higher than the Glendale rate, as follows:

| | Per cent |
|-----------------------|----------|
| Burbank | 35 |
| Pasadena and Alhambra | 21 |
| Long Beach | 43 |
| Monrovia | 7 |
| Santa Monica | 54 |
| Los Angeles | 7 |

On a consumption of 2500 cubic feet per month the rates were found to be higher than the Glendale rate as follows:

| | Per cent |
|--------------|----------|
| Burbank | 42 |
| Pasadena | 32 |
| Long Beach | 58 |
| Monrovia | 16 |
| Alhambra | 42 |
| Santa Monica | 84 |
| Los Angeles | 32 |

It might be well to note here that 2500 cubic feet a month is approximately the average amount used by Glendale consumers, so that the percentages here more nearly represent the difference in rates than those that precede this or those that follow.

On a consumption of 5000 cubic feet a month the rates were found to be higher than the Glendale rate as follows:

| | Per cent |
|--------------|----------|
| Burbank | 36 |
| Pasadena | 43 |
| Long Beach | 74 |
| Monrovia | 10 |
| Alhambra | 65 |
| Santa Monica | 90 |
| Los Angeles | 58 |

On a consumption of 10,000 cubic feet a month the rates were found to be higher than the Glendale rate as follows:

| | Per cent |
|------------|----------|
| Burbank | 29 |
| Pasadena | 50 |
| Long Beach | 68 |
| Monrovia | 6 |
| Alhambra | 63 |

IF
You would only use the same care in buying your
"INSURANCE"
as you do buying other necessities of life, there would be less disappointments when your loss occurs.

WHY
not consult an insurance man when buying insurance the same as you would consult your DOCTOR, LAWYER or BANKER? I can save you money on every kind of insurance and lots of disappointments, for insurance is my business.

"A DOLLAR'S WORTH FOR A DOLLAR"
L. S. LEWIS
220 EAST WILSON AVENUE
GLENDALE

Santa Monica.....95
Los Angeles.....77

The only instance in which a consumer will pay less in any of these cities for water than they would pay for a like amount in Glendale is where the consumer can keep his consumption down to 700 cubic feet. In all other instances there is a material difference in favor of the Glendale rate.

It might be well to quote here, also, that 31 per cent of the revenues of the Glendale water business are devoted to paying bond redemption and interest on bonds issued to finance investments in the water business, whereas the City of Los Angeles raises from taxation the larger part of bond redemption and interest on water bonds issued to finance extensions and betterments to the Los Angeles water system. This is not mentioned in criticism of the Los Angeles policy, but only to note the fact that the water department of Los Angeles has this other source of income, and if the same policy were pursued in Glendale the 31 per cent of the revenues of the water business now devoted to bond redemption and interest would be raised by taxation and the funds thus used now would be available for replacements or new extensions. Thirty-one per cent of the revenues of the water business in Glendale for the present fiscal year will amount to approximately \$31,000.

| | Amount | Amount | Per |
|--------------|--------|--------|----------------|
| | 700 | 1000 | cu. ft. higher |
| Glendale | \$1.00 | \$0.14 | 2-7 |
| Burbank | 1.50 | 21-3 | 50 |
| Pasadena | 1.00 | 14-2 | 50 |
| Long Beach | 1.05 | 15 | 5 |
| Monrovia | 1.00 | 14-2 | 5 |
| Alhambra | 1.00 | 14-2 | 5 |
| Santa Monica | 1.05 | 15 | 5 |
| Los Angeles | .75 | 10 | *25 |

| | 1500 cu. ft. |
|--------------|-------------------|
| Glendale | \$1.40 \$0.09 1-3 |

FOR SALE

BACK TO OLD-TIME PRICES

JUST FOR THIS WEEK

\$5500

A splendid home on North Jackson. Just think of it! This modern bungalow has 7 large rooms, every built-in feature you could think of, and just far enough from Broadway to be away from the noise. Full-size lot, large garage, on alley. Plenty of fruit and flowers. We believe this to be the best bargain we have seen for a year. If interested act quick, as this will only last for a few days. Inquire for terms.

Another good one on Harvard. New, modern, well-built 5-room Colonial for \$3700. We do not believe you can find another as good at the money. Terms.

We can show you exactly what we advertise.

On the Line By Nine!

Flapping and drying, white things gleaming—everything clean. It's the newer way—the better way—the BlueBird way. No toil, no reddened hands, no aching back or arms on washday—with BlueBird. And BlueBird brings thrift as well as happiness. More clothes are washed in much less time, and they last much longer.

BlueBird
ELECTRIC CLOTHES WASHER

BlueBird costs very little to operate. It is easy to buy—pays for itself out of the money it saves.
